

# TANEY COUNTY REPUBLICAN

BY W. H. PRICE.

## Forsyth

FORSYTH, the county seat of Taney county, is a beautiful and centrally located at the junction of the sparkling waters of the Swan with the swift and crystal current of beautiful White river. The site is ideal, and the little, well built and well painted city, fastened at the meeting of the waters like a gem at the throat of beauty, while the wooded ridges flank in every direction the central figure, all form a picture which lingers long in the memory of the visitor—and he usually comes back to refresh the picture.

The Presbyterian church has decided to locate here its college for southwestern Missouri and northwestern Arkansas, making of Forsyth a prominent college town. The fact that Forsyth donated a forty-acre site and over three thousand dollars toward the establishment of this school sufficiently indicates the attitude of our people toward the higher education. The fact that the committee representing the church required an option on an additional 100 acres of land affords some clue to the plans of the church.

We have a good graded school, a neat stone chapel open to all churches, a well supported union Sunday school, daily mails from all directions—in short, more advantages than many a more populous and wealthy community.

A steamer is soon to be placed on White river for freight and passenger service, with headquarters at this place, to make daily trips to the town of Branson, ten miles west on the White River railroad. A mail and back line with headquarters here, gives daily connection with the "Frisco System" at Chadwick.

Most lines of business are represented, including general merchandise, drugs, millinery, hotels, livery, lumber, meat market, undertaking, printing, painting, milling, blacksmithing, carpentry, etcetera. We have an able and sufficiently numerous corps of lawyers, a good physician, and real estate men enough.

We need a resident dentist, a furniture store, a hardware store, a wood-working factory to utilize our native woods, and various other enterprises can find or make good openings.

### Tie Timber Wanted.

Persons who have white, post or burr oak timber, take notice. Will pay cash for ties delivered on the banks of White river, above high water mark. Ties inspected and paid for every thirty days. For information inquire at the Republican office until further notice.

### Notice to District Clerks.

Under the law you are required to certify to the county clerk within five days after the Annual school meeting the result of the votes cast for county commissioner. Everybody will be anxious to know who is to be our next commissioner. Be sure and send these in within the proper time and if it is convenient I would suggest that you certify this in the evening of the meeting so that the result may be readily known. I give this notice as some were a little tardy last year in sending in their reports.

H. T. Ramsey of Kiscoe Mills has purchased the J. F. Morgan jack and will keep him, together with his fine standard bred Hambletonian horse, Bozmont Jr., at his ranch on Caney opposite the Lingenfelter mill. He had bills printed the first of the week.

## Chin Music.

Yesterday was rather cool.

Lookout for April foolishness.

Stock sale, Poage & Son, April 7.

Fine weather for wheat and grass.

Poage & Son's big stock sale, April 7th.

Rev. Griffin of Taneyville was in town yesterday.

Don't miss the big Poage & Son stock sale, April 7.

Sheriff Reese was rather "wilted" the first of the week.

\$15 buys a new sewing machine, at Spunkman's, Taneyville.

Mrs. S. W. Bowell and the children are down from Springfield for a season.

D. B. Linkous and daughter of Kiscoe Mills were in town Monday and were visitors at this item hatchery.

Everything you eat will taste good and do good if you take Ring's Dyspepsia Tablets. Sold by J. A. Lamb, druggist, Taneyville.

In the Forsyth school notes last week the dates of the commencement exercises were given as April 11th and 12th, which was an error. The dates should have been May 11th and 12th.

There was an entertainment at the school house last Saturday night, consisting of moving pictures, stereopticon views, and music by the gramophone. The attendance was fair and the show good.

G. T. Poage and son of Garrison were in town Monday to arrange for a big sale of stock April 7th, including the printing of bills, which they took home with them. Do not overlook notice of sale elsewhere.

Miss Mildred Price, whose dangerous illness was noticed in these columns last week, is still a very sick girl, but we are glad to state that her condition has been thought to be improving for the last forty-eight hours.

G. W. R. Smith of Ozark was in town yesterday. He owns realty near Kiscoe Mills and is much interested in everything pertaining to the development of the county. The Republican acknowledges a pleasant call.

Those two logging trucks which were built here last week are graceful birds, but they will do the work for which they were designed, and that is more than can be said of some things much more handsome than the vehicles in question.

The friends of Prof. Nelson are advised that the illness of that gentleman should make no difference in their attitude toward his candidacy for the school commissionership, as it makes no difference in his high qualifications for the place.

Mr. T. L. Clipp, of Pyatt, Arkansas, is looking for a house in which to place his family, with the intention of locating here. Mr. Clipp is a tie contractor, and desires all the ties he can secure, and they cannot begin to come too soon to please him.

H. T. Ramsey of Kiscoe Mills whispered into the ear of the reporter Monday that his wife and family arrived from the west Wednesday of last week, a fact which satisfactorily explains the expansive smile the gentleman is wearing these spring days.

G. P. Lingenfelter of Kiscoe Mills was over yesterday, with a pocket full of rocks and a carcass full of mineral enthusiasm as usual. He expects to begin prospecting operations in earnest at once, and hopes to turn up something good, if not better, in the near future.

C. A. Norris of Miney came to town Monday to meet his brother Silas, who went to St. Louis last summer, remaining away until now. He dropped into the printery and tickled the boss printer nearly to death with a little joke he sprung at an unlooked for moment—a pair of jokes in fact.

Backache is never known to those persons who take an occasional dose of Pineules. The value of the resin obtained from the pine tree has long been recognized in the treatment of diseases of the bladder and kidneys. One dose of Pineules will give relief, and one bottle will cure. Sold by J. A. Lamb, druggist, Taneyville.

It is difficult to cure a cough or free yourself from the discomforts of a cold unless you move the bowels. Bee's Laxative Honey and Tar acts on the bowels and drives all cold out of the system. Then comes its soothing effect and strengthening influence upon the throat and lungs. For croup, whooping cough, colds and all lung and bronchial affections, no remedy is equal to the original Laxative Honey and Tar. Sold by J. A. Lamb, druggist, Taneyville.

About mid-day on Sunday, March 20th, the "mysterious Stranger," a black-haired, blue-eyed boy weighing 8½ pounds and having no teeth, put in an appearance for dinner at the home of Mr. and Mrs. J. L. Morrow, of Taneyville. From his vocal expressions he seems to appreciate his present quarters and will no doubt be a permanent boarder. Judge Dickenson is sitting up nights to study the "points" of the new arrival and to cultivate that grandfatherly air which becomes him so well.

# LOOK HERE!

Dr. Crone, the Springfield

Dentist, will be in Forsyth

April 24th, 25th and 26th.

Longer if engaged.

Veterinary science, dealing with the diseases of our domestic animals, was never more important to the farmer than today. Horses, cattle, sheep and swine all have their besetting diseases, and all of them are better understood and more successfully treated than formerly. Live stock interests are constantly growing in Taney county, and it is big money in our farmers' pockets to know how to deal with the ordinary diseases prevalent among their stock. The Farmer and Stockman, of Kansas City, Mo., is a farm paper which has anticipated this need by establishing a department devoted exclusively to veterinary matters. It is edited and conducted by an expert veterinarian of the highest rank, whose advice is alone worth many times the moderate price of the paper. Already hundreds of the best farmers in our county are subscribers for The Farmer and Stockman and the Republican would be glad to see many more enjoying the benefits of its instruction. We are always pleased to take and forward subscriptions for it. If any of our readers would like to take examine a sample copy and will let us know, we will see that it is forwarded.

The stockholders who purchased John Dalby, one of the best bred horses in America, organized Tuesday as a joint stock company, electing J. G. Root as president and J. C. L. McKnight as secretary-treasurer. A board of directors was chosen, of which the president and secretary of the company are chairman and secretary respectively, the remainder of the board consisting of M. E. Bird, M. F. Jackson and W. H. Price. This company places within the reach of the horse-owners of Taney county and southwest Missouri the means of greatly improving their stock of horses, and correspondingly elevating the prices which they will command on the market. The day of profitably raising scrub stock has passed, if it ever existed, and this enterprise should mean many thousands of dollars in the pockets of the horse raisers of this section within the next few years. Any person who is interested should make it a point to investigate at an early date.

Croup is quickly relieved, and whooping cough will not "run its course" if you use the original Bee's Laxative Honey and Tar. This cough syrup is different from all others because it acts on the bowels. You can not cure croup and whooping cough until you rid the system of all congestion, by working off the cold through a copious action of the bowels. Bee's Laxative Honey and Tar does this, and cures all coughs, croup, whooping-cough, etc. No opiates. Sold by J. A. Lamb, druggist, Taneyville.

R. R. Lawrence, writing from Springfield, says business is lively in the real estate line, and that he has a big list of farms, aggregating over \$400,000, in Missouri and Oklahoma. He remarks that "for Taney county that church college is the right thing at the right time," a proposition on which all Taney county people will heartily agree with him.

C. P. Anderson writing from Ripon, California to order the Republican to his address, says the country is fine and full of wealth and prosperity, with an excellent crop prospect and flowers blooming the whole year through.

A nice lot of cane seed for sale. Send all orders to J. P. Nelson, Kirbyville, Mo.

Tuesday moistened things in this vicinity in a very satisfactory shape.

August Heuszel was over from Kiscoe Mills Tuesday.

The big Poage & Son stock sale,

April is next.

### Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for consumption. J. W. McKinnon, of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better, when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at City drug store, price 50c and \$1.00. Trial bottle free.

### Monthly School Report Cards.

This office has just printed and placed on sale a supply of monthly report cards of approved form, as prepared by the committee appointed by the county teachers' association for that purpose. They ought to be used in every school. 50 for 25 cents, prepaid. 100 for 45 cents. Republican, Forsyth, Mo.

### Gene Home to Get Well.

Prof. A. P. Nelson and wife departed Tuesday morning for the home of their folks at Humansville, for a short vacation in the interest of Mr. Nelson's health. He had been confined to his bed for several days, and his physicians advised him that it was very desirable that he should seek a higher altitude and the best care obtainable as the most likely means of heading off a long illness. He was granted leave of absence by the school board, and will return as soon as able and finish the term of school. All regret that the school, which was in excellent condition and doing gratifying work, should thus be broken into, and trust that the recess will be but brief.

A daily paper for \$1.00 a year is something the public has long desired. ### Starting Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." See at A. H. Parrish, druggist.

### Let the Joy Bells Ring.

The Republican received a card last Thursday night announcing the marriage of Mr. Zell Truman, of Bradleyville, and Miss Nellie May King, of Prior, on Wednesday, March 22, at Prior, Missouri. Mr. Truman resided at this place for some time a few years ago, and was highly thought of by all who knew him. He is a young man of excellent character, and deserving of all happiness, which we hope will ever abide with him and his young bride on their journey through life.

### Incredible Brutality.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy" he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at City drug store.

At about six o'clock Wednesday evening the foundation of the warehouse adjoining the Ozark Water Mill gave way and let the room fall to the ground, wrecking it badly and scattering flour about promiscuously.—Ozark Democrat.

"Your nose is awful red!" and your head roars like the "steam kars." Anti-Gripine, at Parrish's, will stop it.

Mr. G. E. Reynolds, of Kansas City, was in town yesterday and an esteemed visitor at this truth foundry. He was here to look after his Taney county realty interests. He owns a farm not far from Kiscoe Mills.

### Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by City drug store.

James Ince, of Dansville, Arkansas, a nephew of Judge Ince, of the west end of this county, in a fit of madness recently killed his wife and three children. He is supposed to be insane and is to be tried today.—Ava Herald.

### Notice to Taxpayers.

On account of the bad weather I have been lenient in sending out my notices, but now that winter has broken I can see no reason for your not coming in and making some arrangement about settling up that tax. Unless you come in and settle or make some arrangement in regard to settlement I shall be compelled to send my deputy to see you, which means an added cost to you of fifty cents. "A word to the wise." A. J. BRAZEAL, Collector.
